Southfields Primary School  
Pupil Premium Policy

Date agreed: November 2020  
Date for review: November 2021

This policy, having been presented to, and agreed upon by the whole staff and Governors, will be distributed to:

- All teaching staff
- School governors

A copy of the policy will also be available in:

- The staffroom
- The Head’s office
- School web site

This will ensure that the policy is readily available to visiting teachers, support staff and parents.

Southfields Primary is totally committed to social justice and improving life chances for potentially vulnerable children. It is dedicated to sharing its work and findings beyond the school to improve outcomes for as many children as it can reach and has a particular specialism in Speech and Language development.

At Southfields we believe our school is a community and that it is vitally important that everyone is safe and happy within it. We aim to provide an environment in which our children are secure and confident, irrespective of race, gender and religion, with Equal Opportunities for all.
**Background**

The pupil premium is a government initiative that targets extra money at pupils from deprived backgrounds. Research shows that pupils from deprived backgrounds underachieve compared to their non-deprived peers. The premium is provided to enable these pupils to be supported to reach their potential and have experiences and opportunities to support this.

The Government has used pupils entitled to free school meals (FSM), looked after children and service children as indicators of deprivation, and have provided a fixed amount of money for schools per pupil based on the number of pupils registered for FSM over a rolling six-year period. This fixed amount of money is expected to increase every year for the course of this current Parliament. At Southfields Primary School we will be using the indicator of those eligible for FSM as well as identified vulnerable groups as our target children to ‘diminish the difference’ regarding attainment.

**Context**

When making decisions about using pupil premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers for FSM children can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues.

There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

**Key Principles**

By following the key principles below, we believe we can maximise the impact of our pupil premium spending.

**Building Belief**

We will provide a culture where:

- Staff believe in ALL children
- There are “no excuses” made for underperformance
- Staff adopt a “solution-focused” approach to overcoming barriers staff support children to develop growth mind-sets towards learning

**Analysing Data**

We will ensure that:

- All staff are involved in the analysis of data so that they are fully aware of strengths and weaknesses across the school
- We use research (Such as that completed by the Education Endowment Foundation) to support us in determining the strategies that will be most effective

**Identification of Pupils**

We will ensure that:

- ALL teaching staff and support staff are involved in the analysis of data and identification of pupils
• ALL staff are aware of who pupil premium and vulnerable children are
• ALL pupil premium children benefit from the funding, not just those who are underperforming
• Underachievement at all levels is targeted (not just lower attaining pupils)
• Children’s individual needs are considered carefully so that we provide support for those children who could be doing “even better if.....”

**Improving Day to Day Teaching**

We will continue to ensure that all children across the school receive good teaching, with increasing percentages of outstanding teaching achieved by using our leaders to:

• Set high expectations
• Address any within-school variance
• Ensure consistent implementation of the non-negotiables, e.g. marking
• Share good practice within the school and draw on external expertise
• Provide high quality CPD
• Improve assessment through joint levelling and moderation
• Increasing learning time of basic skills

**We will maximise the time children have to “catch up” through:**

• Improving attendance and punctuality
• Providing earlier intervention (KS1 and EYFS)
• Extended opportunities for learning

**Individualising support**

“*There’s no stigma attached to being in an intervention in this school. Everyone needs something, whatever that might be, and so they’re all getting something somewhere.*”

We will ensure that the additional support we provide is effective by:

• Looking at the individual needs of each child and identifying their barriers to learning
• Ensuring additional support staff and class teachers communicate regularly
• Providing high quality interventions within bubbles
• Working with other agencies to bring in additional expertise (N.B. Due to COVID this may look different to normal)
• Providing extensive support for parents to develop their own skills to support their children’s learning within the curriculum
• To manage in times of crisis
• Tailoring interventions to the individual needs of the child
• Recognising and building on children’s strengths to further boost confidence
• Going the Extra Mile

**In our determination to ensure that ALL children succeed we recognise the need for and are committed to providing completely individualised interventions for set periods of time to support children in times of crisis.**
**Monitoring and Evaluation**

We will ensure that:

- A wide range of data is used – achievement data, pupils’ work, observations, learning walks, case studies, and staff, parent and pupil voice (N.B. COVID-19 restrictions will mean that learning walks may be completed remotely in order to protect bubbles)
- Assessment Data is collected half termly so that the impact of interventions can be monitored regularly
- Assessments are closely moderated to ensure they are accurate
- Teaching staff and support staff attend and contribute to pupil progress meetings each term and the identification of children is reviewed
- Regular feedback about performance is given to children and parents
- Interventions are adapted or changed if they are not working
- We regularly evaluate the impact of pastoral interventions, such as on attendance and behaviour
- A designated member of the SLT maintains an overview of pupil premium spending
- A governor is given responsibility for pupil premium spending

**Reporting**

When reporting about pupil premium funding we will include:

- Information about the context of the school
- Objectives for the year
- Reasons for decision making
- Analysis of data
- Use of research
- Nature of support and allocation Learning in the curriculum
- Social, emotional and behavioural issues Enrichment beyond the curriculum Families and community
- An overview of spending
- Total PPG (pupil premium grant) received Total PPG spent
- Total PPG remaining
- A summary of the impact of PPG
- Performance of disadvantaged pupils (compared to non-pupil premium children
- Other evidence of impact e.g. Ofsted, Accreditation
COVID 19 Restrictions

Due to the restrictions and difficulties faced as a result of COVID 19, provision will look different to previous years. All staff will ensure that children experience high-quality provision with COVID restrictions considered.

Further learning opportunities (trips, experiences and visits) will be adapted to provide rich experiences in school or virtually (e.g. Children's University, online visits).

As staff cannot cross bubbles, catch up programmes and interventions will be provided by the staff working within each bubble. These will still be delivered by highly-skilled members of staff and tailored to individual needs.

Monitoring will be completed regularly and remotely and staff will continue to communicate. Learning walks may be in the form of a video being shared, via video link or remote discussions.

If isolating, children will have access to remote learning and work packs so as to not disadvantage their education. Computer access will be supported when necessary and where possible (See remote learning policy).
