PIVATS is an assessment tool used in schools to assess pupils who are working below their chronological age expectations within the National Curriculum aspects of Reading, Writing and Maths.

PIVATS can also be used as a tool to assess aspects of personal and social development.

The tool allows schools to track the progress of individual pupils in small steps and enables schools to set individual targets for individual pupils to ensure that they make progress.

Your child may be assessed using the PIVATS scales in one, some or all of the following aspects of learning and development:

- Speaking
- Listening
- Reading
- Writing
- Maths-Number

The assessments are made by your child's class teacher and are on-going within your child's learning. They are not a test.
